

Sample PDF note

This is an example PDF for your personal homepage.

Replace it with your own lecture notes, reading notes, or research notes.

Your original pages, equations, figures, and references stay in the PDF.

The website links to the file directly, without converting its content.

A small example

For the values 2, 4, 6, and 8, the arithmetic mean is:

$$\text{mean} = (2 + 4 + 6 + 8) / 4 = 5$$
